Experience Level: Senior

Skills

Process Improvement - Supply Chain Management - Safety Compliance

Video Production - CAD/CAM - Process Engineering

Six Sigma - Industrial Engineering - Food Safety

Professional Experience

Mid-Level Environmental Engineer

We need an industrial designer to create consumer electronics products with focus on user experience and manufacturability. Experience with 3D printing and prototyping essential.

Professional Summary

As a product designer with manufacturing experience, I can create designs that are both beautiful and production-ready, saving you time and costs.
