Phone: 369-842-2258

Experience Level: Junior

## Skills

Application Security - VoIP - Fiber Optics

Telecommunications Systems - Wireless Technologies

## Professional Experience

### Junior Healthcare IT Specialist

We need a full-stack developer to build a responsive web application from scratch. The project includes frontend with React, backend with Node.js, and MongoDB database. Experience with REST APIs and cloud deployment required.

## Professional Summary

Having designed user interfaces for SaaS platforms, I can create the clean, functional design your web application needs to stand out in the market.
